PROJECT WORK

TBrands: Online Shopping Website (06/2018 – 07/2018)
- This was my first project which was an E-commerce website. It was six weeks Industrial Training project through which I got to learn about various Web Development Techniques.

GNDEC Faculty Portal (09/2018 – 01/2019)
- This is the official faculty portal of Guru Nanak Dev Engineering College, Ludhiana. Through this, every faculty member of GNDEC will be able to submit their details.

Online Data Form Management and Filteration (02/2019 – 06/2019)
- The project automates the working of Database Management in Training & Placement Cell, Guru Nanak Dev Engineering College, Ludhiana. The database of the students is maintained for placement purposes.

Document Verification System using Image Processing (03/2019 – 05/2019)
- The project automates the working of document verification process of Training & Placement Cell of Guru Nanak Dev Engineering College. Ludhiana. Through this, text can be extracted from the marksheet of the students for verification process.

Online Bidding System (02/2019 – 03/2019)
- The project specifies the bidding system for Industrial products. The user can make a bid on the selected item and will also be able to sell the used industrial products according to the category specified.

Online Jewellery Store (02/2019 – 02/2019)
- This project was developed for easy buying of jewellery by the user. The user can specify the requirements and can purchase it accordingly.

SKILLS

PHP   MySql   Bootstrap   HTML   CSS   C/C++   Data Structures   Javascript   JQuery   Laravel   MS-Word   MS-Excel   Drupal

TRAINING

Microchip Computers- Web Development (05/2018 – 06/2018)
The six weeks Industrial Training was conducted through which I got to learn about various Web Development Techniques under the guidance of Mr. Amit Ahuja.
